Marburg, July 18th, 2019

Dear Rector Professor Klemeshev!

It is my great concern and pleasure to send you my warmest congratulations on your today's birthday!  
I wish you continued health, happiness, and satisfaction, good work, and success for all days coming up!

I am looking forward to the early start of our next Summer Law School at Kant University on July 22nd. That summer school being the tenth in a row is another prove of in fact twenty years fruitful cooperation between Kant University and Philipps-Universität Marburg in law education and research. I am and will always be bound to this cooperation and to BFU, both personally and academically.

I would be very glad if I had the opportunity to meet you during my stay in Kaliningrad.

With the expression of my highest respect and grateful thanks,

Yours sincerely

(Hans-Detlef Horn)
